

Contents

Topic 1

NUMBER

Integers, decimals and symbols	8
Addition, subtraction, multiplication and division	9
Using fractions	10
Different types of number	11
Listing strategies	13
The order of operations in calculations	14
Indices	15
Surds	16
Standard form	17
Converting between fractions and decimals	18
Converting between fractions and percentages	19
Fractions and percentages as operators	20
Standard measurement units	21
Rounding numbers	22
Estimation	23
Upper and lower bounds	25

Topic 2

ALGEBRA

Simple algebraic techniques	26
Removing brackets	27
Factorising	28
Changing the subject of a formula	30
Solving linear equations	32
Solving quadratic equations using factorisation	33
Solving quadratic equations using the formula	35
Solving simultaneous equations	36
Solving inequalities	37
Problem solving using algebra	38
Use of functions	39
Iterative methods	40
Equation of a straight line	42
Quadratic graphs	44
Recognising and sketching graphs of functions	45
Translations and reflections of functions	46
Equation of a circle and tangent to a circle	47
Real-life graphs	48
Generating sequences	49
The n th term	50
Arguments and proofs	51

Topic 3

RATIO

Introduction to ratios	52
Scale diagrams and maps	53
Percentage problems	54
Direct and inverse proportion	55
Graphs of direct and inverse proportion and rates of change	57

Growth and decay	58
Ratios of lengths, areas and volumes	59
Gradient of a curve and rate of change	61
Converting units of areas and volumes, and compound units	62

Topic 4

GEOMETRY AND MEASURES

2D shapes	63
Constructions and loci	64
Properties of angles	65
Congruent triangles	67
Transformations	68
Invariance and combined transformations	69
3D shapes	70
Parts of a circle	71
Circle theorems	72
Projections	73
Bearings	74
Pythagoras' theorem	75
Area of 2D shapes	76
Volume and surface area of 3D shapes	77
Trigonometric ratios	78
Exact values of sin, cos and tan	80
Sectors of circles	81
Sine and cosine rules	82
Vectors	83

Topic 5

PROBABILITY

The basics of probability	85
Probability experiments	86
The AND and OR rules	88
Tree diagrams	89
Venn diagrams and probability	91

Topic 6

STATISTICS

Sampling	92
Two-way tables, pie charts and stem-and-leaf diagrams	93
Line graphs for time series data	94
Averages and spread	95
Histograms	96
Cumulative frequency graphs	97
Comparing sets of data	99
Scatter graphs	101
